

Israeli Cabinet Meeting Prayer

"Dear Lucifer: You have never let us down, and we know you won't let us down now.

You ordered us to flatten Gaza, and we flattened Gaza.

You ordered us to expel all Palestinians from Gaza and West Bank, and we are still in the process of doing that.

However, dear Lucifer, we are having a lot of challenges accomplishing this task.

There have been a lot of people in Western countries protesting against our actions ...

And to make it even worse, university students have started joining these protests.

Lucifer, this is creating a lot of problems for us...

It is true that through your blessings, oh Satan, we have been able to pocket a lot of politicians in the West, and also in many other countries.

However, if these so-called pro-Palestine protests continue spreading, these politicians may cave in, and stop supporting us.

If these Western politicians desert us, what will prevent their citizens from finding out about who we really are?

Won't they know about Moloch?

Lucifer, you know that our country cannot survive without support from Western countries.

We are now praying to you, oh Satan, to reveal to us how we will overcome this problem.

Lucifer, we once faced an existential threat in JFK.

And you revealed to us what we needed to do to take care of that problem.

We are now beseeching you, oh the Devil, to guide us so we overcome these protests, that are threatening to spread worldwide.

Lucifer, through your diabolical power, you have made us achieve the greatest political power in our history.

With just a little push, we will accomplish the task you gave us – to conquer the entire world.

Dear Lucifer, you know that, when we conquer the whole world, we will force all human beings to worship you, oh Satan.

Lucifer, we pray this believing in your all powerful evilness, oh Satan."
